

Quick Heal

Quick Heal AntiVirus Pro

Secured | Accessible | Future-Ready | Empowered

Quick Heal's Next-Generation Cyber Security Solutions are powered by GoDeep.AI

GoDeep.AI is a cutting-edge malware-hunting technology powered by Artificial Intelligence.

Our **Deep Learning Module** learns and remembers every historical malware threat and stores the learnings in a centralized cloud. It feeds the **Artificial Intelligence algorithm** to learn and evolve in real-time, providing the engine with the capabilities of **Predictive Detection**.

This algorithm works conjointly with **Behavioral Detection technology** that monitors and tracks the activities of each program. This technology further blocks the program immediately if its behavior is found suspicious. GoDeep.AI, with its advanced technology, protects users from threats that have never occurred before **Zero Day attacks**.

Experience **Digital Safety** with Quick Heal AntiVirus Pro
